Flags Of Our Fathers By Bradley James Powers Ron Paperback Introduction

Flags of Our Fathers

Chronicles the taking of the Japanese island of Iwo Jima by U.S. marine and naval forces, one of the bloodiest battles of the Pacific theater in World War II, focusing on the men captured in the iconic Joe Rosenthal photograph of the American flag being raised on Mt. Suribachi.

Flags of Our Fathers

Chronicles one of the bloodiest battles of World War II, focusing on the men who raised the flag at Iwo Jima.

Flags of Our Fathers

The New York Times bestselling chronicle of one of the most famous moments in American military history--the raising of the U. S. flag at Iwo Jima during World War II--now adapted for young adults. Read the true story behind the immortal photograph that has come to symbolize the courage and strength of America and its armed forces. This is a penetrating, epic look at a generation at war, told with keen insight and enormous honesty —also a major motion picture directed by Clint Eastwood. In February 1945, American Marines plunged into the surf at Iwo Jima—and into history. Through a hail of machine-gun and mortar fire, they battled to the island's highest peak. And there, they raised a flag, signaling a historic step towards the eventual defeat of the Axis powers of World War II. A powerful account of six very different men--three of which were killed in battle-- who came together in the heroic fight for the Pacific's most crucial island. It is the story of the difference between truth and myth, the legacy of a hero, and the brutal cost of war.

Mark Twain

Twain's story is epic, comic and tragic. To retrace it all in illuminating detail, Powers draws on the tens of thousands of Twain's letters and on his astonishing journal entries - many of which are quoted here for the first time. Twain left Missouri for a life on the Mississippi during the golden age of steamboats, enjoyed an uproariously drunken newspaper career in the Nevada of the Wild West, and witnessed and joined the extremes of wealth and poverty of New York City and of the Gilded Age. Through it all he observed, borrowed, stole and combined the characters he met into the voice of America's greatest literature, attracting throngs of fans wherever his undying lust for wandering took him. From Twain's wicked satire to his relationships with the likes of Ulysses Grant, this is a brilliantly written story that astounds, amuses and edifies as only a great life can.

Flyboys

Over the remote Pacific island of Chichi Jima, nine American flyers, Navy and Marine airmen sent to bomb Japanese communications towers there were shot down. One of those nine was miraculously rescued by a U.S. Navy submarine. The others were captured by Japanese soldiers on Chichi Jima and held prisoner. Then they disappeared. When the war was over, the American government, along with the Japanese, covered up everything that had happened on Chichi Jima. The records of a top-secret military tribunal were sealed, the lives of the eight Flyboys were erased, and the parents, brothers, sisters, and sweethearts they left behind were left to wonder. Flyboys reveals for the first time ever the extraordinary story of those men. Bradley's quest for the truth leads him to discover a mystery that dated back far before World War II back 150 years, to America's westward expansion and Japan's first confrontation with the western world. With no easy moralizing, Bradley presents history in all its savage complexity, including the Japanese warrior mentality that fostered inhuman brutality and the U.S. military strategy that justified attacks on millions of civilians. And, after almost sixty years of mystery, Bradley finally reveals the fate of the eight American Flyboys, all of whom would ultimately face a moment and a decision that few of us can even imagine. Flyboys is a story of war and horror but also of friendship and honor. It is about how we die, and how we live including the tale of the Flyboy who escaped capture, a young Navy pilot named George H. W. Bush, who would one day become president of the United States. A masterpiece of historical narrative, Flyboys will change forever our understanding of the Pacific war and the very things we fight for.

No One Cares About Crazy People

New York Times-bestselling author Ron Powers offers a searching, richly researched narrative of the social history of mental illness in America paired with the deeply personal story of his two sons' battles with schizophrenia. From the centuries of torture of "lunatics" at Bedlam Asylum to the infamous eugenics era to the follies of the anti-psychiatry movement to the current landscape in which too many families struggle alone to manage afflicted loved ones, Powers limns our fears and myths about mental illness and the fractured public policies that have resulted. Braided with that history is the moving story of Powers's beloved son Kevin -- spirited, endearing, and gifted -- who triumphed even while suffering from schizophrenia until finally he did not, and the story of his courageous surviving son Dean, who is also schizophrenic. A blend of history, biography, memoir, and current affairs ending with a consideration of where we might go from here, this is a thought-provoking look at a dreaded illness that has long been misunderstood. "Extraordinary and courageous . . . No doubt if everyone were to read this book, the world would change." -- New York Times Book Review

The Imperial Cruise

Analyzes the multinational conflicts that set the stage for World War II, the Chinese communist revolution, and the Korean War, documenting Theodore Roosevelt's 1905 diplomatic mission in the Pacific through which the United States forged ill-fated covert agreements.

Flags of Our Fathers

In this unforgettable chronicle of perhaps the most famous moment in American military history, James Bradley has captured the glory, the triumph, the heartbreak, and the legacy of the six men who raised the flag at Iwo Jima. Here is the true story behind the immortal photograph that has come to symbolize the courage and indomitable will of America. In February 1945, American Marines plunged into the surf at Iwo Jima-- and into history. Through a hail of machine-gun and mortar fire that left the beaches strewn with comrades, they battled to the island's highest peak. And after climbing through a landscape of hell itself, they raised a flag. Now the son of one of the flagraisers has written a powerful account of six very different young men who came together in a moment that will live forever. To his family, John Bradley never spoke of the photograph or the war. But after his death at age seventy, his family discovered closed boxes of letters and

photos. In *Flags of Our Fathers*, James Bradley draws on those documents to retrace the lives of his father and the men of Easy Company. Following these men's paths to Iwo Jima, James Bradley has written a classic story of the heroic battle for the Pacific's most crucial island--an island riddled with Japanese tunnels and 22,000 fanatic defenders who would fight to the last man. But perhaps the most interesting part of the story is what happened after the victory. The men in the photo--three were killed during the battle--were proclaimed heroes and flown home, to become reluctant symbols. For two of them, the adulation was shattering. Only James Bradley's father truly survived, displaying no copy of the famous photograph in his home, telling his son only: "The real heroes of Iwo Jima were the guys who didn't come back." Few books ever have captured the complexity and furor of war and its aftermath as well as *Flags of Our Fathers*. A penetrating, epic look at a generation at war, this is history told with keen insight, enormous honesty, and the passion of a son paying homage to his father. It is the story of the difference between truth and myth, the meaning of being a hero, and the essence of the human experience of war. "From the Hardcover edition.

The China Mirage

"Bradley is sharp and rueful, and a voice for a more seasoned, constructive vision of our international relations with East Asia." --Christian Science Monitor James Bradley introduces us to the prominent Americans--including FDR's grandfather, Warren Delano--who in the 1800s made their fortunes in the China opium trade. Meanwhile, American missionaries sought a myth: noble Chinese peasants eager to Westernize. The media propagated this mirage, and FDR believed that supporting Chiang Kai-shek would make China America's best friend in Asia. But Chiang was on his way out and when Mao Zedong instead came to power, Americans were shocked, wondering how we had "lost China." From the 1850s to the origins of the Vietnam War, Bradley reveals how American misconceptions about China have distorted our policies and led to the avoidable deaths of millions. *The China Mirage* dynamically explores the troubled history that still defines U.S.-Chinese relations today.

Tom and Huck Don't Live Here Anymore

From a Pulitzer Prize-winning author, *Tom and Huck Don't Live Here Anymore* is a powerful, disturbing, and eye-opening dispatch from the homefront that will take its place alongside the works of Antony Lucas, Robert Coles, and Tracy Kidder. Ron Powers' hometown is Hannibal, Missouri, home of Mark Twain, and therefore birthplace of our image of boyhood itself. Powers returns to Hannibal to chronicle the horrific story of two killings, both committed by minors, and the trials that followed. Seamlessly weaving the narrative of the events in Hannibal with the national withering of the very concept of childhood, Powers exposes a fragmented adult society where children are left adrift, transforming isolation into violence. "Powers's storytelling style keeps such good control over the pacing, readers will know they're not headed for a disappointment at the ending." - Publishers Weekly

The Man Who Flew the Memphis Belle

The riveting firsthand account of World War II pilot Robert Morgan, his crew, and the legendary Memphis Belle—written with Ron Powers, cowriter of the #1 New York Times bestseller *Flags of Our Fathers*. A powerful chronicle of loyalty, love, and heroism under fire, this is the unforgettable memoir of a member of the Greatest Generation who fought in America's greatest battles—and of the war one man waged both in and out of the skies. High-spirited, young Robert Morgan was transformed from a fast-living, privileged playboy who grew up hobnobbing with the Vanderbilts into a steel-nerved pilot forged in the cauldron of World War II's most dangerous and desperate aerial encounters. This is the triumphant tale of that transformation—and of the airplane and crew that never failed to bring him back home.

Eastwood's Iwo Jima

With *Flags of Our Fathers* (2006) and *Letters from Iwo Jima* (2006), Clint Eastwood made a unique

contribution to film history, being the first director to make two films about the same event. Eastwood's films examine the battle over Iwo Jima from two nations' perspectives, in two languages, and embody a passionate view on conflict, enemies, and heroes. Together these works tell the story behind one of history's most famous photographs, Leo Rosenthal's "Raising the Flag on Iwo Jima." In this volume, international scholars in political science and film, literary, and cultural studies undertake multifaceted investigations into how Eastwood's diptych reflects war today. Fifteen essays explore the intersection among war films, American history, and Japanese patriotism. They present global attitudes toward war memories, icons, and heroism while offering new perspectives on cinema, photography, journalism, ethics, propaganda, war strategy, leadership, and the war on terror.

White Town Drowning

In 1963, a frustrated President Kennedy turned to the Pentagon for help in carrying out subversive operations against North Vietnam- a job the CIA had not managed to handle effectively. Thus was born the Pentagon's Special Operations Group(SOG). Under the cover name "Studies and Observation Group," SOG would, over the next eight years, dispatch numerous spies to North Vietnam, create a triple-cross deception program, wage psychological warfare by manipulating North Vietnamese POW's and kidnapped citizens, and stage deadly assaults on enemy soldiers traveling the Ho Chi Minh Trail. Written by the country's leading expert on SOG, here is the story of that covert war-one that would have both spectacular and disastrous results.

The Secret War Against Hanoi

While Mark Twain remains one of our most quintessentially American writers, the actual boyhood experiences that fueled his most enduring literature remained largely unexplored—until now. Twain's early years were a decidedly un-innocent time, marked by deaths of friends and family and his father's bankruptcy. Twain dealt with those personal tragedies through humor and the tall tale. From the time that a ten-year-old Samuel Clemens lit out on his own and boarded his first Mississippi steamer to his first encounter with a traveling "mesmerizer" (which ignited his lifelong penchant for acting and spectacle), from the brooding sense of guilt and fear of eternal damnation inculcated into him at church to the superstitions and stories of witchcraft he learned from the blacks on his farm, Powers unforgettably shows how Mark Twain was shaped by the distinctly American landscape, culture, and people of Hannibal, Missouri. Jay Parini, the celebrated biographer of Robert Frost, called *Dangerous Water* "a long-needed evocation of the boyhood of the man who invented boyhood for all time. . . . An immensely shrewd and deeply engaging book, a great gift to all of us who love Twain."

Flags of Our Fathers

Selections from four legends in maritime and air strategy: Mahan, Corbett, Douhet and Mitchell. Introduction by noted military strategist and author David Jablonsky.

Dangerous Water

"Investigating Iwo encourages us to explore the connection between American visual culture and World War II, particularly how the image inspired Marines, servicemembers, and civilians to carry on with the war and to remember those who made the ultimate sacrifice to ensure victory over the Axis Powers. Chapters shed light on the processes through which history becomes memory and gains meaning over time. The contributors ask only that we be willing to take a closer look, to remain open to new perspectives that can deepen our understanding of familiar topics related to the flag raising, including Rosenthal's famous picture, that continue to mean so much to us today"--

Roots of Strategy: Book 4

The battle of Iwo Jima was one of the bloodiest campaigns of WWII. Under the command of Lt. General Tadamichi Kuribayashi, the Japanese army held off U.S. Navy and Naval Air Corps. attack for over a month before finally succumbing to defeat. Comprised mostly of personal letters from Kuribayashi to his family, *Picture Letters From the Commander in Chief* offers readers a unique glimpse into arguably the most iconic battle of the second World War. A sensitive man, Kuribayashi is able to articulate in these letters his love for his family and his unwavering loyalty to his country. And in doing so, he helps bring a new voice and perspective to history.

NEW YORK TIMES BESTSELLER. In honor of the 75th Anniversary of one of the most critical battles of World War II, the popular primetime Fox News anchor of *The Story with Martha MacCallum* pays tribute to the heroic men who sacrificed everything at Iwo Jima to defeat the Armed Forces of Emperor Hirohito—among them, a member of her own family, Harry Gray. Admiral Chester Nimitz spoke of the “uncommon valor” of the men who fought on Iwo Jima, one of the bloodiest and most brutal battles of World War II. In thirty-six grueling days, nearly 7,000 Marines were killed and 22,000 were wounded. Martha MacCallum takes us from Pearl Harbor to Iwo Jima through the lives of these men of valor, among them Harry Gray, a member of her own family. In *Unknown Valor*, she weaves their stories—from Boston, Massachusetts, to Gulfport, Mississippi, as told through letters and recollections—into the larger history of what American military leaders rightly saw as an eventual showdown in the Pacific with Japan. In a relentless push through the jungles of Guadalcanal, over the coral reefs of Tarawa, past the bloody ridge of Peleliu, against the banzai charges of Guam, and to the cliffs of Saipan, these men were on a path that ultimately led to the black sands of Iwo Jima, the doorstep of the Japanese Empire. Meticulously researched, heart-wrenching, and illuminating, *Unknown Valor* reveals the sacrifices of ordinary Marines who saved the world from tyranny and left indelible marks on those back home who loved them.

The Everything Girl

A True Story of the Berlin Airlift and the Candy that Dropped from the Sky. Life was grim in 1948 West Berlin, Germany. Josef Stalin blockaded all ground routes coming in and out of Berlin to cut off West Berliners from all food and essential supplies. Without outside help, over 2.2 million people would die. Thus

began the Berlin Airlift, a humanitarian rescue mission that utilized British and American airplanes and pilots to fly in needed supplies. As one of the American pilots participating in the Airlift mission, Lt. Gail S. Halvorsen helped to provide not only nourishment to the children but also gave them a reason to hope for a better world. From one thoughtful, generous act came a lifelong relationship between Lt. Gail and the children of Berlin. This is the true story of a seven-year-old girl named Mercedes who lived in West Berlin during the Airlift and of the American who came to be known as the Chocolate Pilot. Artist Gijsbert van Frankenhuyzen's evocative paintings illuminate Margot Theis Raven's powerful story of hope, friendship and remembrance. About the Author: Margot Theis Raven has been a professional writer working in the fields of radio, television, magazines, newspapers, and children's books for thirty years. She has won five national awards, including an IRA Teacher's Choice award. Ms. Raven earned her degree in English from Rosemont College and attended Villanova University for theater study, and Kent State University for German language. Ms. Raven splits her time living in Concord, MA, Charleston, SC and West Chesterfield, NH. About the Illustrator: Born in the Netherlands, Gijsbert van Frankenhuyzen studied at the Royal Academy of Arts in Holland. He immigrated to the United States in 1976, and years later he became a children's book illustrator. Mercedes and the Chocolate Pilot is Nick's ninth children's book with Sleeping Bear Press.

As a result of a rowdy night in his local New York bar, ex-Marine and merchant seaman \"Chick\" Donohue volunteers for a legendary mission. He will sneak into Vietnam to track down his buddies in combat to bring them a cold beer and supportive messages from home. It'll be the greatest beer run ever! Now, decades on from 1968, this is the remarkable true story of how he actually did it. Armed with Irish luck and a backpack full of alcohol, Chick works his passage to Vietnam, lands in Qui Nhon and begins to carry out his quest, tracking down the disbelieving soldiers one by one. But things quickly go awry, and as he talks his way through checkpoints and unwittingly into dangerous situations, Chick sees a lot more of the war than he ever planned - spending a terrifying time in the Demilitarized Zone, and getting caught up in Saigon during the Tet Offensive. With indomitable spirit, Chick survives on his wits, but what he finds in Vietnam comes as a shock. By the end of his epic adventure, battered and exhausted, Chick finds himself questioning why his friends were ever led into the war in the first place.

Mercedes and the Chocolate Pilot

War has had a powerful impact on the film industry, while at the same time motion pictures can influence wartime behaviour & shape our perception of the historical record. This book collects essays that use a variety of critical approaches to explore this film genre.

The Greatest Beer Run Ever

A first responder's harrowing account of 9/11—the inspirational true story of an American hero who gave nearly everything for others during one of New York City's darkest hours. On September 11, 2001, FDNY Battalion Chief Richard “Pitch” Picciotto answered the call heard around the world. In minutes, he was at Ground Zero of the worst terrorist attack on American soil, as the Twin Towers of the World Trade Center began to burn—and then to buckle. A veteran of the 1993 bombing of the World Trade Center, Picciotto was eerily familiar with the inside of the North Tower. And it was there that he concentrated his rescue efforts. It was in its smoky stairwells where he heard and felt the South Tower collapse. He made the call for firemen and rescue workers to evacuate, while he stayed behind with a skeleton team of men to help evacuate a group of disabled and infirm civilians. And it was in the rubble of the North Tower where Picciotto found himself buried—for more than four hours after the building's collapse.

The War Film

Throughout his directorial career, Clint Eastwood's movies have presented sympathetic narratives of characters enduring personal trauma as they turn to violence to survive calamity or sustain social order--a choice that leaves them marginalized rather than redeemed. In this collection of new essays, contributors examine his films--from *The Outlaw Josey Wales* to *Sully*--as studies on PTSD that expose the social conditions that tolerate or trigger traumatization and (in his more recent work) imagine a way through individual and collective trauma.

Last Man Down

In 1944, as World War II is raging across Europe, fifteen-year-old Jack Raab dreams of being a hero. Leaving New York City, his family, and his boyhood behind, Jack uses a false I.D. and lies his way into the U.S. Air Force. From their base in England, he and his crew fly twenty-four treacherous bombing missions over occupied Europe. The war is almost over and Hitler near defeat when they fly their last mission -- a mission destined for disaster. Shot down far behind enemy lines, Jack is taken prisoner and sent to a German POW camp, where his experiences are more terrifying than anything he'd ever imagined.

Clint Eastwood's Cinema of Trauma

NATIONAL BESTSELLER • “The greatest World War II story never told” (Esquire)—an enthralling account of the heroic mission to rescue the last survivors of the Bataan Death March—from the author of *Blood and Thunder*. On January 28, 1945, 121 hand-selected U.S. troops slipped behind enemy lines in the Philippines. Their mission: March thirty rugged miles to rescue 513 POWs languishing in a hellish camp, among them the last survivors of the infamous Bataan Death March. A recent prison massacre by Japanese soldiers elsewhere in the Philippines made the stakes impossibly high and left little time to plan the complex operation. In *Ghost Soldiers* Hampton Sides vividly re-creates this daring raid, offering a minute-by-minute narration that unfolds alongside intimate portraits of the prisoners and their lives in the camp. Sides shows how the POWs banded together to survive, defying the Japanese authorities even as they endured starvation, tropical diseases, and torture. Harrowing, poignant, and inspiring, *Ghost Soldiers* is the mesmerizing story of a remarkable mission. It is also a testament to the human spirit, an account of enormous bravery and self-sacrifice amid the most trying conditions.

The Last Mission

The astonishing, never before told story of the greatest rescue mission of World War II—when the OSS set out to recover more than 500 airmen trapped behind enemy lines in Yugoslavia... During a bombing campaign over Romanian oil fields, hundreds of American airmen were shot down in Nazi-occupied Yugoslavia. Local Serbian farmers and peasants risked their own lives to give refuge to the soldiers while they waited for rescue, and in 1944, Operation Halyard was born. The risks were incredible. The starving Americans in Yugoslavia had to construct a landing strip large enough for C-47 cargo planes—without tools, without alerting the Germans, and without endangering the villagers. And the cargo planes had to make it through enemy airspace and back—without getting shot down themselves. Classified for over half a century for political reasons, the full account of this unforgettable story of loyalty, self-sacrifice, and bravery is now being told for the first time ever. *The Forgotten 500* is the gripping, behind-the-scenes look at the greatest escape of World War II. “Amazing [and] riveting.”—James Bradley, New York Times bestselling author of

Raising the Flag

"Photographer Yevgeny Khaldei has chronicled some of this century's darkest moments and many of its most triumphant events. *"Witness to History"* is the first publication to bring his captivating photographs of life in the Soviet Union and of World War II to a Western audience."

All Hands

What if Lincoln didn't abolish slavery? What if an assassin succeeded in killing FDR in 1933? This volume presents 25 intriguing "what if..." scenarios by some of today's greatest historical minds—including James Bradley, Caleb Carr, James Chace, Theodore F. Cook, Jr., Carlos M.N. Eire, George Feifer, Thomas Fleming, Richard B. Frank, Victor Davis Hanson, Cecelia Holland, Alistair Horne, David Kahn, Robert Katz, John Lukacs, William H. McNeill, Lance Morrow, Williamson Murray, Josiah Ober, Robert L. O'Connell, Geoffrey Parker, Theodore K. Rabb, Andrew Roberts, Roger Spiller, Geoffrey C. Ward, and Tom Wicker.

Ghost Soldiers

From D-Day to the Battle of the Bulge and more, here is the authorized biography of one of the most celebrated paratroopers of Easy Company, Sergeant Shifty Powers, the legendary sharpshooter from the Band of Brothers. Look for the Band of Brothers miniseries, now available to stream on Netflix! As a boy, Darrell "Shifty" Powers's goal was to become the best rifle shot he could be. His father trained him to listen to the woods, to "see" without his eyes. Little did Shifty know his finely-tuned skills would one day save his life—and the lives of his fellow paratroopers. As one of the original men who trained at Camp Toccoa, Georgia, Shifty was one out of only two soldiers in Easy Company to initially earn the coveted expert marksman designation. He parachuted into France on D-day and fought for a month in Normandy; eighty days in Holland; thirty-nine in the harshly cold winter of Bastogne; and for nearly thirty more near Hagenau, France, and the Ruhr pocket in Germany. Shifty's War is a tale of heroism and adventure, of a soldier's blood-filled days fighting his way from the shores of France to the heartland of Germany, and the epic story of how one man's skills as a sharpshooter and engagingly unassuming personality propelled him to a life greater than he could have ever imagined.

The Forgotten 500

This book tells the story of the University of Minnesota's remarkable 1941 football season as they chased a second consecutive national championship even as a divided country veered closer to total war, and chronicles the young players' contributions to the war effort in the months and years that followed.

Witness to History

Beginning with the Marine assault on February 19, 1945, the Battle for Iwo Jima quickly became the bloodiest battle in Marine Corps history. Today this fierce battle remains high in our collective memories, not only for its terrors but for its indelible image of triumph: the raising of the flag on Mt. Suribachi. Much information exists about the Battle for Iwo Jima, but it is scattered and can be difficult to track down. This book draws the information together in two ways. It offers bibliographic listings to lead researchers to useful sources, and provides actual texts of documents related to the battle and its aftermath. Part One, "The Bibliography," offers information on more than 800 books, magazines, official documents, audio-visual materials and online resources about the Battle of Iwo Jima. Each listing is annotated to assist researchers, historians, veterans and others seeking information. Part Two, "The Anthology," offers the texts of hard-to-locate documents; a series of maps showing the day-by-day progression of the battle; and a selection of

poetry inspired by the battle. Appendices provide details of the American chain of command and both the American and the Japanese orders of battle; describe some lingering mysteries about the Battle of Iwo Jima; and list Iwo Jima memorial sites around the world.

What If? II

An absolutely harrowing first-person account of the 94th Infantry Division's bold campaign to break through Hitler's "impregnable" Siegfried line at the end of World War II Eighteen-year-old William Foley was afraid the war would be over before he got there, but the rifleman was sent straight to the front lines, arriving January 25, 1945—just in time to join the 94th Infantry Division poised at Hitler's legendary West Wall. By the time Foley finally managed to grab a few hours sleep three nights later, he'd already fought in a bloody attack that left sixty percent of his battalion dead or wounded. That was just the beginning of one of the toughest, bloodiest challenges the 94th would ever face: breaking through the Siegfried Line. Now, in *Visions from a Foxhole*, Foley recaptures that desperate, nerve-shattering struggle in all its horror and heroism. Features the author's artwork of his fellow soldiers and battle scenes, literally sketched from the foxhole

Shifty's War

For three generations of Americans, World War II has been a touchstone for the understanding of conflict and of America's role in global affairs. But if World War II helped shape the perception of war for Americans, American media in turn shape the understanding and memory of World War II. Concentrating on key popular films, television series, and digital games from the last two decades, this book explores the critical influence World War II continues to exert on a generation of Americans born over thirty years after the conflict ended. It explains how the war was configured in the media of the wartime generation and how it came to be repurposed by their progeny, the Baby Boomers. In doing so, it identifies the framework underpinning the mediation of World War II memory in the current generation's media and develops a model that provides insight into the strategies of representation that shape the American perspective of war in general.
